

Playname : **Zone**

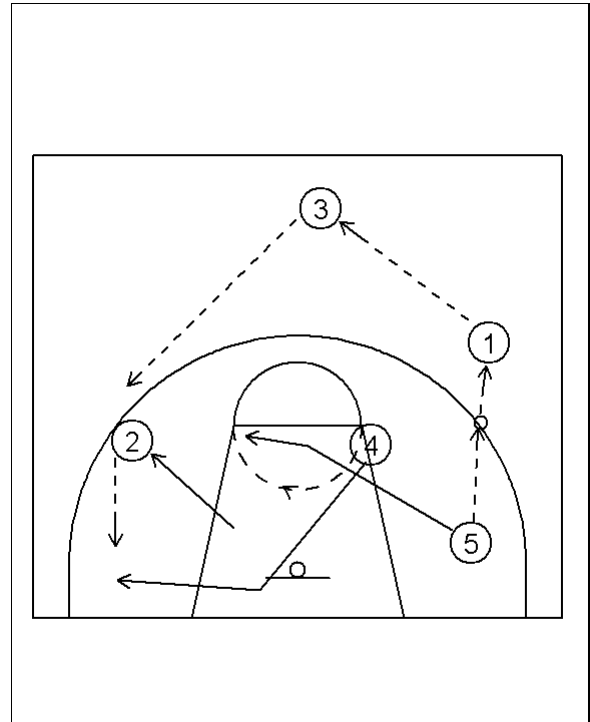

1

Playname : **Zone**

2

Against the Zone 1 passes to 2, while 5 cuts behind the centre Defensive line and pops out ball side low and receives the ball looking for the shot.
2 then cuts through and 1 replaces 2 while 3 replaces 1

If no score the ball is now reversed via the outside players, 4 now cuts down and pops out while 5 cuts to the high post. Things to watch The cutters must see the gaps or the lane left by the centre the reverse can go via the high post.
The guard cutter needs to create their own space and if the ball is received step hard to the basket.
